Classic Singapore 5N6D - 5 Nights / 6 Days

Cities Covered: >> Singapore

Package Highlights:

Singapore, an island city-state off southern Malaysia, is a global financial center with a tropical climate and multicultural population. Its colonial core centers on the Padang, a cricket field since the 1830s and now flanked by grand buildings such as City Hall, with its 18 Corinthian columns. In Singapore's circa-1820 Chinatown stands the red-and-gold Buddha Tooth Relic Temple, said to house one of Buddha's teeth. Singapore (Singapura) is a city-state in Southeast Asia. Founded as a British trading colony in 1819, since independence it has become one of the world's most prosperous, tax-friendly countries and boasts the world's busiest port. Combining the skyscrapers and subways of a modern, affluent city with a medley of Chinese, Malay and Indian influences along with a tropical climate, tasty food from hawker centres, copious shopping malls, and vibrant night-life scene, this Garden City makes a great stopover or springboard into the region. Singapore is one of the most popular travel destinations in the world for a lot of reasons, one of which is the less stringent entry requirements. Districts Singapore is a small island country. With a population size of over 5.5 million people it is a very crowded city, third only to Monaco and Hong Kong as the world's most densely populated country. However, unlike many other densely populated countries, Singapore - with more than 50% of its area covered by greenery and with over 50 major parks and 4 nature reserves - is an enchanting garden city. Large self-contained residential towns have mushroomed all over the island, around the clean and modern city centre. The centre of the city is located in the south — consisting roughly of the Orchard Road shopping area, the Riverside, the new Marina Bay area and also the skyscraper-filled Shenton way financial district known, in acronym-loving Singapore, as the CBD (Central Business District).
