07D Yoga with Beach - 6 Nights / 7 Days

Cities Covered: >> Varkala

To get bliss and peace in the mind, it is necessary for the body as a whole to undergo a process of absolute relaxation and spiritual purification. Yoga is also known as the science of purification and finally attaining the path of connecting with universal energies. This purification process is not just physical or mental detox, but purification of six types. The body has to be cleaned in six different ways for six different impurities. When you clear the body of these impurities, the nadis function and the energy blocked on the way is released. Then the spiritual energy moves like wave frequency throughout the channels within the physical structure, moving right up to the brain where the mind does its work and connects with the universal energies. Yes, Yoga is just not about postures, it's about conjunction with the cosmos.
